

Spring Conference and AGM location confirmed

Mark your calendars for the **ILBA 31st Annual Conference and AGM** scheduled to take place **April 1st to 4th, 2004**. We've found an all log facility on Vancouver Island, BC. Located in picturesque Parksville, the Tigh-Na-Mara Resort is a world-class destination, which has been constructed through the years by many ILBA members. It offers a conference facility large enough to accommodate our annual member gathering, all in an exquisite West Coast setting. We would encourage you to plan a family get away at this time and take advantage of the location we have chosen, there are log condos on the water, log cabins for those who want to bunk in together, a play ground, swimming pool, spa and miles of oceanfront to take in. As we begin to plan this event, we would encourage you to contact the ILBA office with your ideas and suggestions for seminars and workshops at this upcoming event ASAP!! Consider bringing the whole crew – group rates will be available for companies wanting to get their employees involved!
