

“Where the Best Meet the Best” – “Charting our Course in Changing Times”

Project Expo

International Log Builders Association

34th Annual Conference and AGM - April 26th thru 29th 2007

Ramada Plaza and Conference Centre, Abbotsford BC, Canada

The Project Expo is an opportunity for our geographically extensive community to see the richness of the work being accomplished in the log building community and to study details of the exhibited projects. Conference attendees are encouraged to cast votes for a favorite project and the People’s Choice Award is given to the project receiving the most votes. Renovations, bringing old log to new are also welcome.

Entries are usually presented through display boards, but other forms of presentation—such as photo albums, models, and sculpture—are also welcome. Each entry should include the name of your company, the name of the project, the project date and the project location. Additional text is at your discretion.

Priority for display space and for hotel easels will be given to people who reserve them by returning the registration form by March 23,2007.

Please contact the ILBA office if you have questions about the Project Expo. We may be reached at 800-532-2900, through e-mail ann@logassociation.org or fax to 250-547-8775, or through paper mail (PO Box 775, Lumby, BC V0E 2G0). We all look forward to the Project Expo and hope that your work will be among those displayed.

Project Expo Registration

International Log Builders’ Association
